Mike- one minor comment and one important update on your partial deletion messaging. We have sent Montana DEQ a request for state concurrence on partial deletion of OU2. Just something to add to this!

Hey Mark,

Here is something I put together for Doug and is still going through everyone else. But these are good news items.

Also we will complete the Remedial Action (Cleanups) for OUs 4 and 7 this year! That is the commercial and residential properties. This is a huge accomplishment.

OU5 is in O&M another big Milestone.

CFAC. We have completed Phase 1 of the RI/FS and have agreed to and started Phase II. Doesn't sound like much but we are working well together and on schedule.

Hope this helps.

I am headed to CFAC tomorrow for more fun.

Mike
